

The Ed. Foundation

What's Happening at Weber

Take a look at the incredible programs, experiences, and innovations at Weber this year that are funded through grants from The Ed. Foundation.

- Students are exposed to **real world applications for careers** in tech industries, manufacturing and design through the addition of high-tech machines
- All 8th-grade students will **experience The Blues** through an extended workshop and performance by blues artist Toby Walker
- All students have the opportunity to experience our rich **technology curriculum** through an inclusive **before-school program**
- The power of protest and activism was demonstrated with a visit from **Yolanda Beckett and Bernice Sims, two activists** during the civil rights movement
- Blue House 8th graders will study the societal differences from WWII and the roaring 20's by **learning the Waltz and the Charleston**
- **Portable stereomicroscopes** will enhance learning opportunities both inside the science lab and out
- Students visited the Sands Point Preserve to **study a variety of local eco-systems**
- 6th-grade students will have the opportunity to learn about **digital news production** (Co-funded with HEARTS)
- Students learn about **robotics, coding and computer science** and compete in various competitions through the continuation of the Robotics Club
- Band students will perform in a **districtwide Band Spectacular at the Tilles Center** on March 13th under the direction of a guest conductor (Co-funded with HEARTS)

We hope you will join us for our Spring Fling fundraiser on Thursday, April 4th at the Port Washington Yacht Club so we can continue to fund inspiring experiences for students in all 7 schools.
